FRESH MARINATED OLIVES

Our "Fresh Marinated Olives" are made in house with our Real Olive recipes. We use high quality olives which are then blended with various herbs and spices to create some great flavours. Our marinated olives have 3 months shelf life from production, giving you plenty of time to sell them. Currently we are selling them in tubs, however very soon we will be switching to 1.5kg bags which will be tip and serve making them even easier to use!

Our ready to eat olives come in a light brine, they are ready to go straight out of the tub or ready for you to dress with herbs, spices etc as you wish. We recommend a light coating of oil over the olives when displaying as this will improve the life and appearance of the product. Our light brine olives have a 4 month shelf life from production.
