Our bulk olives come in a strong brine solution. This preserves the olives, giving them a long shelf life without using any other preservatives. Shelf life can be up to 18 months from picking. These olives will need soaking in fresh water over night, then rinsing and dressing and serving / displaying. These olives are ideal if you have a bit of storage and want to create your own unique flavours. Buying in bulk also means you are saving money!

READY TO EAT OLIVES PITTED

Our ready to eat olives come in a small amount of light brine, they come in 2 x 1.5kg bags in a box. They are ready to go straight out of the bags or ready for you to dress with herbs and spices etc as you wish. We recommend a light coating of oil over the olives when displaying as this will improve the life and appearance of the product. Our light brine olives have a 4 month shelf life from production.

NEW 3KG BOXED FRESH MARINATED OLIVES		

Our "Fresh Marinated Olives" are made in house with our Real Olive recipes. We use high quality olives which are then blended with selected herbs and spices to create great flavours. Our marinated olives have 2-3 months shelf life from production, giving you plenty of time to sell them. These olives are now in 1.5kg bags for ease of use and also have the added advantage of being more robust for transportation. Literally open and pour out to display! Our Fresh Marinated Olives are sold in boxes of 2x1.5kg.
